There is no fee due with this Information Disclosure Statement, since it is being filed before the first Office Action on the merits.

Prior art which is considered to be pertinent to the invention as claimed in the above-identified application is identified herein. It is requested that the Examiner fully consider the art cited, initial the leftmost column of form adjacent each cited reference, and return a copy of the form for applicants' records. It is further requested that the art be cited on the cover of any patent issuing from the subject application.

The citation of the above references should not be construed as a representation that an exhaustive search has been made, or that other, more pertinent art is not available. Nor does this statement constitute an admission by applicant or applicants' attorney that the information provided herein is necessarily prior art to applicants' invention. Moreover, applicants reserve the right to establish the patentability of the claimed invention over any of the listed documents should they be applied there-against as references.

Respectfully Submitted,

G. Marlin Knight (#33,409)
